

4B & 4R

Term 3, 2021

English

This term in English students will complete a close study of two areas of work:

Exploring a Quest Novel- 'Rowan of Rin'

Students read and analyse a quest novel. Throughout the unit, students are monitored as they post comments and respond to others' comments in a discussion board to demonstrate understanding of the quest novel.

Exploring Recounts set in the past- Students will listen to, read and explore a variety of historical texts including historical and literary recounts written from different people's perspectives.

Maths

Students will cover various concepts and build on their existing knowledge of:
Money, Symmetry, Place Value, Fractions, Decimals and Measurement

Science: 'Materials'

Students will investigate physical properties of materials and consider how these properties influence the selection of materials for particular purposes. Students will consider how science involves making predictions and how science knowledge helps people to understand the effect of their actions.

The Arts

Dance Fever

Technologies

In this unit, students will investigate the suitability of materials, systems, components, tools and equipment for specific purposes. They will repurpose a clothing item with other recycled materials to create a useful item.

HASS: 'Using places sustainably'

Students will describe the characteristics of places, including the types of natural vegetation and native animals.

Students will examine the interconnections between people and environment and the importance of environments to animals and people.

Students will recognise the knowledge and practices of Aboriginal peoples and Torres Strait Islander peoples in regards to places and environments.
