In a Prep classroom students will be

- Listening to stories
- Playing number and alphabet games
- Exploring the letters and sounds of the alphabet
- Making new friends
- Singing songs
- Playing in the playground
- Dressing up in different costumes
- Painting, drawing, cutting, gluing and so much more!

**English** Experimenting with rhyming words and sounds.
Learning to write and recognise the alphabet. Comprehending stories and its characters.

**Maths** Identifying numbers and quantities. Exploring patterns and the use of positional language.

**History** Finding out about our family history and sharing this information with others.

**Science** Observe and discuss the needs of all living things.
