ENGLISH

In term 2 English units are based on:
Stereotypes in Fairytales and Other Stories

Students will:

- investigate literature that contains stereotypes, and texts that challenge stereotypes
- create and present a description of a stereotypical character
- explore how stereotypes in literary texts are used to persuade audiences

TERM 2

SCIENCE: Toy Factory
Students will explore the pushes and pulls that cause movement of objects and the effect of materials on movement.

TECHNOLOGY: Toy Factory
Students will create a toy to demonstrate their understanding of pushes & pulls.

MATHS
Students will be working on units in the Australian Curriculum including Number & Place Value, Shape, Fractions, Measurement & Money

HISTORY: Exploring The Local Community
Students will
- Explore aspects of the past that are visible today
- Explore remains of the past important to the local

THE ARTS
Drama skills will be introduced this term. The children will explore the world of toys through improvisation, movement & mime.

HPE
The children will explore health behaviours and what influences their choices.

Teachers: Carol Vaughan, Tracey Hammond & Desirae Sciasci
