**English**

This term English units are based on ‘Procedural and Informative’ texts using traditional and contemporary stories.

**Students will:**
- Read, view and listen to a variety of procedural texts
- Analyse characters and text structures
- Identify the structure and written elements of a procedure
- Write instructions for a procedure and present them to an audience of peers

**Maths**

Students will be working on units in the Australian Curriculum, involving Number, Operations, Time, Location and early Multiplication and Division.

They will learn and practice these concepts consistently throughout the term.

**Science: Good to Grow**

Students will explore how living things change as they grow and compare their life stages.

**The Arts**

The children will explore and perform elements of dance in Dance Fever.

**HPE**

The children will investigate what it means to be healthy and the roles we all have in keeping people healthy.

**Technology (linked to health)**

Students will learn how to cut, paste and present images and text on a poster.

**Geography: What is the story of my place?**

**Students will:**
- Understand that each place has a location on the surface of the Earth
- Use resources to identify examples of places defined at different levels or scales (eg. local or regional scales)
- Represent connections between places by constructing a map

Carol Vaughan, Tracey Hammond and Desirae Sciasci
