In the Prep classroom students will be:

- Listening to stories
- Playing number and alphabet games
- Exploring the letters and sounds of the alphabet
- Making new friends
- Singing songs
- Learning how to build friendships
- Dressing up in different costumes
- Painting, drawing, cutting, gluing and so much more!

**Maths**  Identifying numbers and quantities. Exploring patterns and the use of positional language.

**Science**  Observe and discuss the needs of all living things.

**History**  Finding out about our family history and sharing this information with others.

**English**  Experimenting with rhyming words and sounds. Learning to write and recognise the alphabet. Exploring comprehension strategies, concepts of print and sound and letter knowledge.
