**TERM FOUR  YEAR THREE M  MRS MACKINTOSH**

**ENGLISH:**
Engaging with poetry
In this unit, students listen to, read, view and adapt poems featuring an Australian setting. They analyse texts by exploring the context, purpose and audience and how language features and devices can be adapted to create new meaning. They write and present a poem.

**MATHEMATICS:**
- Shape
- Number and place value.
- Patterns and algebra
- Fractions and decimals
- Location and transformation
- Money
- Time

**HEALTH AND PHYSICAL EDUCATION:**
**Healthy futures**
This unit explores knowledge, understanding and skills that supports students to build and maintain respectful relationships, make health-enhancing and safe decisions, and interpret health messages from different sources to take action to enhance their own health and wellbeing.

**SCIENCE:**
**What’s the matter?**
In this unit, students will understand how a change of state between solid and liquid can be caused by adding or removing heat. They will explore the properties of liquids and solids and understand how to identify an object as a solid or a liquid.

**MEDIA ARTS:**
In this unit, students will explore representations of people, settings, ideas and story structure in advertising and persuasive presentations, focusing on moving images.

**GEOGRAPHY:**
**Exploring similarities and differences in places near and far**
In this unit students will investigate the inquiry questions
- How and why are places similar and different?
- What would it be like to live in a neighbouring country?
In this unit, students will draw on studies at the local scale, including representations of Australia and the location of Australia’s neighbouring countries, understand the different climate types and their influence on the characteristics of places.
