Our school initiatives are on track to meet or exceed our targets

During 2017, we focused on maximising the benefits of this funding for our students. After reviewing our 2017 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Intensive in-classroom support with teacher aides supporting pedagogical practice in Writing, Numeracy and Reading.
- Continued implementation of the Response to Intervention and Instruction Program with targeted and extensive teacher aide support in classrooms.
- Continued implementation of the “Maker Space” project and the enhancement of information and Communication Technology resources to support coding and NAPLAN Online.
- The provision of online learning materials to support Literacy and Numeracy.
